

ACACES 2025

Twenty-first International Summer School on Advanced Computer Architecture and Compilation
for High-performance Embedded Systems

13-19 July 2025, Fugate

Simone Starcone

from University of Rome "La Vergata", Italy

has successfully completed the following courses:

From Edge to HPC and back: programming the computing continuum for scientific applications by Nicola Ferrier

A Modern Perspective on the Role and Design of Operating Systems by Timothy Roscoe

Toward Sustainable Computing by Adriaan Friday

Quantum Computing: From Software, Architecture, and Systems Perspective by Poulami Das

Koen De Bosschere
Ghent University
